

**Report for NWT Association of Communities AGM  
February 27-Mar 1**

The AGM provided a great opportunity to meet with other municipal elected leaders from across the Northwest Territories. Overall, highlights of the meeting include:

1. The opportunity to speak to and support the 2020 Resolutions proposed by the City of Yellowknife:
  - a. Have a lifespan on resolutions so that each resolution approved at an AGM would have a four-year lifespan.
  - b. To lobby the GNWT to establish a comprehensive building regime to provide regulatory clarity throughout the NWT communities.
  - c. To lobby the GNWT to update legislation and have Presumptive Coverage for Work Related Psychological Injury including PTSD.
  - d. To lobby the GNWT to develop an alcohol strategy with evidence based gold standard best practices to address alcohol related harm in the NWT.
  - e. That the NWTAC lobby to ensure the Federal government follows through with their Federal Mandates.
  - f. To lobby the GNWT to Amend the Senior Citizens and Disabled Persons Property Tax Relief Act to allow municipalities to determine and apply a financial means test to ensure property tax relief is directed at property owners that need it.
  
2. Facilitated a round-table on Friday morning about what elected municipal leaders across the NWT would consider as the #1 priority pillar of the NWTAC's most recent draft strategic plan:
  - Funding for communities
  - Economic development in communities
  - Community healing
  - Climate change
  - Engagement and partnership

Community healing was ranked as the #1 priority. NWT communities are suffering an erosion of lifestyle and traditional culture arising from a history that includes colonization, residential schools, as well as impacts of climate change and development. Communities are dealing with significant social issues arising from this history, including growing homelessness, mental health issues, and addictions. Communities lack the ability — resources, infrastructure and capacity — to address the causes and deal with the effects. Healing is a priority for communities.

3. A presentation from guest speaker Doug Griffiths on “Managing Change” and how much the world has changed, and how rapidly it’s changed, in the past 100 years.

If you have any questions, please let me know.
