

LAND DEVELOPMENT FUND

This Fund supports all aspects of acquiring, developing, and disposing of municipal lands including:

- Conceptual development plans and comprehensive plans for development areas;
- Property appraisal, legal survey and mapping related to lands for disposal, as well as engineering and constructing infrastructure required in the development area;
- Recovery, through the sale of public lands, of all direct, indirect and associated costs related to municipal lands in accordance with the Land Administration By-law; and
- Utility infrastructure installed on public rights-of-way in new subdivisions/development areas (which becomes the responsibility of the Water and Sewer Fund upon final acceptance by the City).

Note:

- (1) Land sale estimates for 2024 through 2026 are based on anticipated sales of parcels in Engle Business District Phase 2 and infill lots to be brought to the market.
- (2) When land from the land inventory is resold, the value of the land is shown as an expenditure.
- (3) An Administrative Fee, based on the estimated cost of administrative services provided to the Land Fund, is transferred to the General Fund each year.
- (4) The infrastructure development costs are reported as investments in capital assets so related amounts are transferred to the Capital Fund. It is estimated that the total projects to be carried forward to 2024 are about \$4.9 million. The closing balance will be reduced when these allocations are spent.
- (5) The 2024 to 2026 Budget include allocations for Area Development Plans, creating infill lots in Downtown and Central Residential areas, and developing commercial and industrial lots for resale.
